

**METHOD AND DEVICE FOR CORRECTING
SPONDYLOLISTHESIS FROM THE LATERAL APPROACH**

Abstract of the Disclosure

[0218] A method for correcting spondylolisthesis from the lateral approach is provided in which a pair of insertion members are inserted laterally into upper and lower vertebrae, a connecting member is affixed to the insertion members, and a rotating force is applied to the connecting member to encourage the upper and lower vertebrae into a desired position relative to one another.
